Maryland Army National Guard
Recruit Sustainment Program

Next Drill 16-17 September 2017

Attendence at the Recruit Sustainment Program (RSP) is mandatory. If you must be absent from training (illness, scheduling problems, etc.), contact your recruiter or Company RSP NCO as soon as possible. They will provide guidance for providing documentation and on making up the missed training. You will remain attached to the RSP until you have completed all of your Initial Active Duty Training (IADT). After completing IADT you will participate in a Graduation and Battle Handoff Ceremony and introduced to a representative from your Unit.

First Sergeant’s Message
For those of you who will be shipping in the next few months, you need to make sure you are ready for the challenges you are going to face at Basic Combat Training (BCT) and Advanced Individual Training (AIT). That means not only being physically prepared, but mentally as well. Make sure you continue to be proactive on your APFT standards, as this will help you in the future. Do not wait until drill to conduct PT, working out a minimal of 4-5 days a week will help you successfully complete Basic Combat Training (BCT) without any injuries.

Talk with your Recruiter or one of the cadre members at RSP concerning any changes since your enlistment. Some examples are: change of address, bank account, marital status, or you have become a new parent. We also need to know about any open law violations. All of these could prevent you from shipping, if we are not aware of them ahead of time. We are here to help you successfully start your military career. Always remember, you are the future of the Maryland Army National Guard and a member of the family. This is a life changing career and not just a job!

Warrior Fit Members:
The Cold Months are rapidly approaching....don’t forget that eating healthy, working out, and staying hydrated are still important even when it’s cold outside!!

Healthy eating important!
When combined with exercise, a healthy diet can help you lose weight, lower your cholesterol level, and improve the way your body functions on a daily basis. People of different ages and activity levels have different calorie needs. How much you eat of a certain type of food, such as fruits and vegetables, should depend on your individual calorie needs. For example, a person who needs 1,500 calories per day will have food serving requirements that are different from someone who needs 2,600 calories per day. Take a look at the U.S. Department of Agriculture's website ChooseMyPlate.gov offers good information about nutrition for children and adults.

Physical activity in the cold months is just as important!
Take five to 10 minutes and do some low level aerobic exercise like jogging in place or doing jumping jacks. That way, when you step outside, you’ll already be warm! Dressing properly can also help. Wear layers so that you can peel them off as your body temperature increases. Just because there might be snow and ice outside there are always local gyms you can use as well. As long as you have your CAC card, you can access any active military gym!!

WEIGHT CONTROL STANDARDS
Army Regulation 600-9, The Army Weight control Program, states that each Soldier (commissioned, warrant, or enlisted) is responsible for meeting service weight control standards.

On the day of your MEPS physical you met the Army weight control standards. It is your responsibility to remain in compliance. You must meet the same requirements when you ship to Basic or Advanced Individual Training.

Know you maximum weight allowed (or body fat percentage if necessary). You will be weighed on if needed, tape each month at drill in order to ensure you maintain the Weight control standard.

RSP TRAINING
RED Phase is your first drill weekend with the Recruit Sustainment Program (RSP). Red Phase weekends will teach the recruit the basics of being a Soldier in the ARNG Physical Fitness Assessment.

QUICK SHIP Phase is your first drill and only weekend with the Recruit Sustainment Program (RSP) prior to shipping to Basic Combat Training (BCT). It is a combination of the RED and BLUE Phases

WHITE Phase varies in length to cover the period between the RED and BLUE Phases and is designed to mimic the training environment you will enter at Basic combat Training (BCT).

BLUE Phase is the final drill before shipping to BCT or to Advanced Individual Training (AIT). Blue Phase also allows the cadre one last quality check to ensure that you are Mentally Prepared, Physically Fit and Administratively Correct.

GREEN Phase is for warriors who have completed BCT and have returned to RSP prior to attending AIT. Green Phase reintegrates BCT graduates into the RSP through advanced training, and sustains Soldiering skills learned at BCT.

GOLD Phase will be your final drill with RSP. It will ensure that you are Administratively Correct to join your MDARNG Unit. You will be introduced to a member of your unit at the RSP Graduation Ceremony.

"The Soldier's Blue Book"
NOW available in the Google Play Store. It can be downloaded by clicking this link and selecting install on an Android device: https://play.google.com/store/apps/details?id=mil.army.bluebook&hl=en or by opening the Google Play App and searching for Soldier's Blue Book. The app provides Soldiers with a copy of The Soldier's Blue Book that they will utilize in basic training and it contains checks on learning. An IOS version of this app is not currently available for I-phones but there is a PDF file of the Blue Book (attached) that can be viewed on I-phones. It can also be downloaded from TRADOC's website here: http://www.tradoc.army.mil/tpubs/pams/TP600-4.pdf.

It is recommended that all Soldiers are encouraged to download the Soldier's Blue Book App or PDF upon enlistment and begin becoming familiar with the content in preparation for Basic Training.

BLUE / QUICK SHIP PHASE
All Blue and Purple Phase Warriors will need their Photo ID, SS Card, ATM Card and any change documents for the Pre-Shipper Brief and Counseling on Saturday. Verify your AKO and MyPay accounts prior to Drill.

To receive Basic Allowance for Housing you must have a copy of a lease or mortgage, with your name on it, dated prior to the date on the MEPS orders (MEPS orders are usually published 30 prior to Ship Date) The Address for the Lease / Mortgage must be the same as your orders which are on it, dated prior to the date on the MEPS orders (MEPS orders are usually published 30 prior to Ship Date) The Address for the Lease / Mortgage must be the same as your orders which is the address you used for enlistment. If there is a discrepancy – contact your Recruiter.

CAC CARD WEBSITE: Walk through site step by step CAC installation

AKO (Army Knowledge Online)
Do you have an AKO account?
Do you know your user name and password?
If you cannot answer "YES" to both questions, please contact your recruiter immediately! Not only is AKO a requirement for shipping, it is also a very important communication tool that links to your MyPay, email account, training information and individual readiness.

Prepare Yourself Administratively

You can help prepare yourself using the acronym APPLE MD. This acronym is used in screening prospects for enlistment. You must continue to meet the Enlistment Eligibility Criteria until you have completed AIT.

A-AGE you are as old as you are – nothing you can do about it. However, does your Social Security Card match your Birth Certificate? Did you enlist under the name on your Social Security Card? Remember to have your Social Security Card and State issued photo ID when you report to MEPS to ship.

P-PHYSICAL Has anything changes since you took the Entrance Physical? Have you seen a doctor or gone to the hospital? If you have - contact your Recruiter immediately. Do you still meet Height and Weight Standards?

P-PRIOR SERVICE This mainly affects Phase 2 Shippers (Green Phase). Do you have a copy of your Clothing Record? Do you have everything that was issued at BCT?

L-LAW VIOLATIONS Has anything changed since you enlisted? Did you get a Traffic Ticket? Even if it is paid – contact your recruiter immediately – at a minimum you will need to have the paid receipt when you return to MEPS.

E-EDUCATION Official Transcripts and Diplomas that must be in your records. Even if you have given it to your Recruiter – take a copy with you to MEPS.

M-MARRIED Did you get married since enlistment? Contact your Recruiter immediately. All married soldiers, even if you were married when you enlisted, should have a copy of their certified (file number and raised seal) marriage certificate when they report to MEPS.

D-DEPENDENTS Do you have any Dependents? (Spouse, children, stepchildren) You will need to have copies of Spouse’s State issued Photo ID, copies Spouse’s and dependent children’s SS Cards. Parental Affidavits, Custody Agreements, or Family Care Plans if required. If any doubt – contact your Recruiter immediately. Does your Spouse and/or dependent children (over 10 years old) have a Military ID Card?

OTHER REQUIREMENTS

BAH To receive Basic Allowance for Housing (BAH) you must have a copy of a lease or mortgage, with your name on it, dated prior to the date on the MEPS orders (MEPS orders are usually published 5-30 DAYS prior to Ship Date). The Address for the Lease / Mortgage must be the same as your orders which is the address you used for enlistment. If there is a discrepancy – contact your Recruiter.

MYPAY Everyone needed to have a SF1199a Form (Direct Deposit) to Enlist. Once you have set up your AKO account you will receive information via your AKO email concerning the set up of your MyPay account. This is where you will find your Leave & Earning Statements (LES), W-2s and all information concerning your pay status. If you change bank account and/or have moved, you can update your information in MyPay. (Always remember to report these changes to your unit as well.) If you feel you have a pay concern, you will need to access your LES to show the concern.

Soldier Transportation Schedule

Private vehicles are not authorized to drive their vehicles unless instructed to do so by the phase instructor.
All vehicle keys will be secured by your phase instructor for the weekend.

HISTORICAL DATES for September:

2 SEP-Victory in Japan Day (VJD)  http://www.history.com/topics/world-war-ii/v-j-day
14 SEP-Star Spangled Banner written  https://en.wikipedia.org/wiki/The_Star-Spangled_Banner

23 SEP 1899-VFW created  https://en.m.wikipedia.org/wiki/Veterans_of_Foreign_Wars
I recently had the sad honor of performing the funeral of one of our brothers in arms. SPC (MDARNG) Andrew Goodwin took his own life the week of August 20. We don’t know exactly when because he was alone. We don’t know exactly why because he didn’t express any intent or reason for this last tragic decision in his all too brief life.

SPC Goodwin, or Andy as I knew him, was more than a MDARNG Soldier to me. I had known Andy for a big part of his short life. He began to attend a church I pastored around 2003 or so. He was a middle schooler at the time. He was the same age as my twin daughters, and attended Aberdeen Middle School with them. He was a good looking kid with a great sense of humor, a quick wit, and a personality that attracted everyone. As a father of twin daughters Andy’s age, that made him a threat... but I digress.

As Andy matured, he struggled to find his path in life. Like all of us, he didn’t always make the best decisions, but he had an amazing family and community supporting him, and eventually he seemed to find a path in life that truly suited him: a path of service. It began with his involvement in the Abingdon Volunteer Fire Company; an involvement that quickly became a passion in which he excelled. It continued with his enlistment in the MDARNG which also became a passion. He excelled in RSP, BCT, AIT, and served his aviation unit with distinction. It seemed as if Andy had hit his stride, and while, like all of us, Andy still had his struggles, none of them seemed to indicate that this rising star would soon bring his life to an end.

I tell you this very real and very sad story to say this. I am Andy. You are Andy. We are all Andy. He wasn’t “different.” He wasn’t “destined” for suicide. He was a normal person – with everything going for him. He was you and me, and just like Andy, we too are just as vulnerable to whatever it is that drives a person to make that one, last, fateful, and tragic decision. Don’t kid yourself. Both you and the Soldier next to you are every bit as vulnerable.

Let us commit not to let this tragic story repeat itself. Every member of the Guard will be receiving a resource list this month with information about how and where to reach out for help. KEEP IT! If not for you, for your battle buddy, for your friend, your neighbor, or your loved one. And as always, know that your Chaplain is always available to provide that safe space to talk and receive assistance.

For God and Country,

Chaplain Dowell

Resilience

When we hear this word we think of the power point class that we are required to sit through at RSP. In the military environment, this word is most often associated with reducing suicide by Soldiers. To you, the new Soldier preparing to ship to Basic Combat Training, AIT or One Station Unit Training, Resilience is best described by its’ definition: “Ability to recover rapidly from illness, change, or misfortune”.

As you prepare to ship, change will be constant. You have to become or stay physically fit, you will wake up early, you will be pushed physically and mentally, you will be away from home, friends and family (some for the first time), you will do and learn things you have never tried before. You will have Drill Sergeants in your business. You will use muscles you have never used before and you will be sore, tired and stressed. Think back to the lessons taught in that power point class and use them. Think back to the reason that you decided to join the MDARNG in the first place. You are not on this journey alone and thousands of Marylanders have made this journey before you.

When you are at the Reception Battalion and you have to stay an extra day because your paper work was not correct, be resilient! When you get to your Training Company and the Drill Sergeant is on your case or you miss home, be resilient, you will make it through. Be resilient, recover rapidly from the change and take on the next challenge. You have made a big decision and commitment to become a member of the Maryland Army National Guard and there is a light at the end of the tunnel (and it is not a train). Push yourself to finish what you started. Your family, friends and this battalion are cheering for you and we want you to succeed. Be Resilient!
